Overview

The DI-8-6000 Dump Insert has a floor dimension of 4' X 8' and a volume of 2 cubic yards. Ten gauge floor and 12 gauge sides make this dump insert sturdy, yet light weight, for maximum material payload. The unit comes standard with one-piece, two-way tailgate and stake pockets with rub rail which allow for securing and dumping an infinite variety of payloads.

Details

- 1-Scissor hoist lifting unit
- 2-One-piece two-way tailgate
- 3-8 stake pockets
- 4-Hand control box (20' cord for dumping convenience)
